Reply to Attn of: Chief Health and Medical Office

TO: Distribution

FROM: Chief Health and Medical Officer

SUBJECT: 2010 NASA Occupational Health Meeting: June 7-11, 2010

The Office of the Chief Health and Medical Officer will hold its Annual Occupational Health meeting in San Antonio, Texas at the Hotel Contessa. The theme this year is, "Excellence, Innovation, and Leadership: Pathway to the Future." There will be three Professional Development Courses (PDC) offered on Monday, June 7 and a Federal Workers' Compensation presentation by the Department of Labor. There will also be four Breakout Sessions: (1) Occupational Medicine, (2) Industrial Hygiene, (3) Health Physics, and (4) Federal Workers' Compensation. This year, we are planning a no-host, pay-as-you-go, networking gathering on Monday evening, June 7.

The NASA Occupational Health Website <http://ohp.nasa.gov/conference> provides the meeting agenda, registration information and other important logistical details. More information will be forthcoming on the PDCs. The Hotel Contessa reservations must be made by May 5, 2010, to receive the Federal Government lodging rate. Please reference the "Occupational Health Meeting" when making your reservations to obtain the discounted rate.

Your attendance at this year's Occupational Health Meeting is strongly encouraged, as it is an excellent means of earning continuing education credits, networking with Agency colleagues, receiving updates on Agency initiatives, and learning about current trends in Occupational Health. If you require additional information, please contact Ms. Gail Bantugan, Meeting Coordinator, at (321) 867-3164.

We look forward to seeing you in June!
